

EDINBURGH BREAST CANCER SPECIAL SYMPOSIUM 2023

25TH February 2023

John McIntyre Conference Centre, Edinburgh

www.ebcss.org

SCIENTIFIC PROGRAMME

SATURDAY 25th February 2023

MAIN AUDITORIUM: 0800 Welcome address and opening remarks **Professor Mike Dixon**

MAIN AUDITORIUM			
Speaker	Topic	UK Time	US Time (Eastern)
MORNING SESSION			
Session Chair: Dr Peter Hall			
Breast Surgery			
Mr Dhananjay Kulkarni	Cryosurgery for breast cancer: lessons from Japan	0815	0315
Radiotherapy for Breast Cancer			
Prof Ian Kunkler	Scottish breast conserving trial clinical update	0840	0340
Dr Karen Taylor	Genomic signatures for predicting radiotherapy response	0905	0405
Dr Matthew Williams	SRS for oligometastatic disease	0930	0430
Clinical Genetics and Risk			
Dr Jennie Murray	An update on clinical genetics and risk of breast cancer	0955	0455
<ul style="list-style-type: none"> • 1020: Morning break (40mins) – explore the poster hall and exhibitor halls and attend satellite symposia. • 1020 Sponsored Satellite Symposia Sessions <p>These symposia have been developed, funded, and organised by the sponsors; products will be discussed at these meetings.</p>			
MID-MORNING SESSION			
Session Chair: Prof David Cameron			
ER Positive Breast Cancer and Lobular Breast Cancer			
Prof Bob Clarke	Endocrine therapy resistance	1100	0600
Dr Christine Desmedt	Understanding resistance and future treatment strategies in lobular breast cancer	1125	0625
Dr Olga Oikonomidou	CDK4/6 inhibitor clinical update	1150	0650
Prof Rob Clarke	CDK4/6 inhibitor resistance	1215	0715

- 1240: Lunch break (1h 20m) – explore the poster hall and exhibitor halls and attend satellite symposia.

- **1240: Sponsored Satellite Symposia Sessions**

- **1320: Sponsored Satellite Symposia Sessions**

These symposia have been developed, funded, and organised by the sponsors; products will be discussed at these meetings.

- **1320-1400 MDM Clinical Case Discussion**

Presenter: Mr Dhananjay Kulkarni

Panellists: Prof Lisa Carey, Prof Beth Mittendorf, Dr Carolyn Bedi, Dr Caroline Michie, Prof Mike Dixon

AFTERNOON SESSION:

Session Chair: Prof Mike Dixon

Triple Negative Breast Cancer

Prof Lisa Carey	Emerging therapeutics including antibody conjugates for TNBC	1405	0905
-----------------	--	------	------

Immunology, Inflammation, and Immunotherapy

Prof Beth Mittendorf	Emerging immunotherapies for breast cancer	1430	0930
Prof Jeffery Pollard	Infiltrating macrophages in breast cancer	1455	0955
Prof Damian Mole	The KMO pathway in breast cancer	1520	1020

- 1545: Afternoon break (40mins) – explore the poster hall and exhibitor halls and attend satellite symposia.

- **1545 Sponsored Satellite Symposia Sessions**

These symposia have been developed, funded, and organised by the sponsors; products will be discussed at these meetings.

LATE AFTERNOON SESSION

Session Chair: Dr Olga Oikonomidou

Genomics of Drug Resistance

Prof Charles Perou	Genomics of drug resistance in breast cancer	1630	1130
--------------------	--	------	------

HER2 Positive Breast Cancer

Prof David Cameron	HER2-targeted agents including direct antibody conjugates in HER2 positive and HER2-low	1655	1155
--------------------	---	------	------

Impact of New Therapies			
Prof Mark Beresford	The impact of new approved targeted agents	1720	1220

17.50 MAIN AUDITORIUM: Closing remarks **Professor Mike Dixon**

18.00-19.15 EBCSS 2023 NETWORKING EVENT
